

Navilock Laptop Security Cable with Key Lock for Kensington slot 3 x 7 mm

Description

This laptop security lock by Navilock enables to lock different devices e.g. laptop, projector, monitor etc. at any place. The steel cable with its 1.8 m and key lock can be tied easily around objects like chairs, table-leg or anything similar and thus the device will be saved against theft.

Kensington slot compatible

This laptop security lock is compatible with the so-called Kensington slot. The Kensington slot is the 3 x 7 mm opening on the housing. On many devices this opening is marked with a lock symbol.

Because of the small design of the lock, this security cable is ideal for slim netbooks.

Item no. 20653

EAN: 4043619206537

Country of origin: Taiwan, Republic of China

Package: Retail Box

Locking up without a key

Due to the special mechanism of the laptop lock, it is possible to lock up without a key. The appropriate key is only needed for unlocking.
