

Navilock Wireless Qi Charging Station

Description

This Qi certified charging station from Navilock can be used for wireless charging of a mobile device. Energy transfer by induction eliminates the need for cables and protects the connectors. The bevel design makes the display easy to use and the mobile device is always within reach. The USB type A port can be used optional to connect a charging cable for another mobile device.

Item no. 65907

EAN: 4043619659074

Country of origin: China

Package: Retail Box

Specification

- Connectors:
 - Input:
